Troop 1890 Winter Standard Personal Gear List

To be used from November-March

Being unprepared for camping in the winter is dangerous and can be deadly. It is of vital importance that Scouts come prepared for winter camping. Our leaders have successfully camped in all weather at all times of the year for many years and have established these rules and this list to ensure the safety and fun of all participants.

| ack | ☐ Compass (0 to 360 degrees with 2 degree increments) |
|---|---|
| Essentials put these in a small ditty bag and keep it in your pack | ☐ Flashlight or headlamp with extra batteries |
